PILOT OF BATTLESHIP CRUISE AROUND THE WORLD TO RETIRE

On Sept. 3 Rear Admiral Charles Stillman Sperry will end his long career on the active list of the navy, going on the retired list by reason of the age limit provision. On the date named Admiral Sperry will reach the age of sixty-two years, at which age a naval officer must retire, according to law. Admiral Sperry is best known to the public as the man who relieved Admiral Evans of the command of the great battleship fleet at San Francisco after illness compelled Evans to relinquish his charge. Sperry brought the ships home from the voyage circling the globe. He has also served his country well as delegate to the peace conference at The Hague, as president of the Naval War College, his most recent assignment, and other important capacities. He is known in the service as a very quiet, unassuming, level headed officer, with few dashes, but with a thorough knowledge of his work and ability to perform difficult tasks. Admiral Sperry was born in Brooklyn and was appointed to the naval academy from Connecticut.

TEACHER DROWNED WITH PAIR OF FLOATING WINGS

(Special from United Press.)
Ocean City, N. J., Aug. 27.—Miss Eleanor Kennedy, a school teacher in a public school in Kensington, Phila., was drowned here today while bathing. Miss Kennedy wore a pair of floating wings which carried her out beyond her depth. Becoming frightened she became entangled in the wings and before help reached her she was drowned.

Charles Sanford Finds Employment In Buffalo Store

John Martin, acting superintendent of police of Buffalo, has telegraphed Capt. Birnbaum, chief of police of Buffalo, N. Y., that Charles Sanford, the missing son of James Sanford, keeper of Beaver Brook reservoir, is employed in Brooks' grocery store, 590 Washington street, Buffalo. Sanford went to Buffalo that he might obtain treatment for a malady which he believes he has. He was influenced to go by reading an advertisement of a Buffalo medical institute.

LOSS FROM RAIN AND WIND IN CUBA PUT AT \$3,000,000

(Special from United Press.)
Havana, Aug. 27.—Government officials today estimated that the loss from recent rain and wind storms throughout Cuba at \$3,000,000. More than \$1,000,000 loss has been wrought in Pinar Del Rio province alone. The sugar industry at Nipe Bay and Pinar del Rio are the heaviest losers. The tobacco crop in the vicinity of Banes is almost wholly destroyed and many warehouses in Banes also suffered. Santiago province reports almost as heavy loss as in Pinar Del Rio.

PUNISHED SON FOR STEALING SIRE IS FINED

Henry Kilmé who lives at 9 Walter Court, was arrested last night for assaulting his 12-year-old son Henry. This morning Judge Foster fined him \$8 and costs. The son was arrested yesterday for taking lead from the McMahon & Wren building in Water street and was placed in the hands of the probation officer for the next three months. Last night the father, who had been drinking, chided the boy for stealing, and taking his pipe, the police immediately arrested him and sent him to bed. Neighbors heard the loud words, and entered the house. Kilmé was arrested and the boy taken to the Emergency hospital where Dr. Kiernan closed the wound with three stitches.

WOMAN FOUND IN POOL OF BLOOD

(Special from United Press.)
Lowell, Aug. 27.—At an early hour this morning Mrs. Henry Ferron, known also as Mrs. Flora Rivers, was found at her home here lying in a pool of blood with gashes in her throat and shoulders, evidently administered with an axe in the hands of some infuriated person. The woman was at once taken to the St. John's Hospital where she now lies in a dying condition. At the hospital the woman revived sufficiently to charge her husband, Henry Ferron, with the crime and the police immediately attempted his arrest, but have not yet succeeded in apprehending him. It is known of the woman or her husband, both having come recently to this city.

FRENCH AERONAUT WHO MADE ENDURANCE RECORD AT RHEIMS

Probably the most amazing thing about the record endurance flight made at Rheims by Louis Paulhan, who flew 2 hours, 45 minutes and 24.4 seconds and alighted only because his supply of gasoline was exhausted, is the fact that he is a novice in the flying craft. He never sat in a flying machine until last July. The record made by Paulhan surpassed by sixteen minutes that made by Roger Sommer on Aug. 7, 1909, and by twenty-three minutes the longest flight by Wilbur Wright, made on Dec. 31, 1908. The machine used by M. Paulhan is a biplane invented by M. Voisin. His wonderful flight was made at times in the teeth of a wind such as no other aviator had ever been able to face. At times he was blown off his course and was obliged to describe a complete circle in order to pass the pole that marked the turning point. At the end of his flight, after he had descended without a hitch, he said: "I am not tired. I could have continued another hour if I had had enough gasoline."

K. OF C. DEPUTIES ARE ANNOUNCED

Selections of State Deputy James J. Kennedy and Recommendations.

(Special from United Press.)

New Haven, Aug. 27.—The appointment of the district deputies of the Knights of Columbus for the ensuing year was today made public by James J. Kennedy, state deputy of the order. They are as follows:

First District: William J. Bree, New Haven. Second District: John Reynolds, Meriden. Third District: William J. Mulligan, Thompsonville. Fourth District: John J. McGarry, Putnam. Fifth District: William F. Deane, New Britain. Sixth District: Michael J. Sullivan, Torrington. Seventh District: Charles E. McDonald, Waterbury. Eighth District: Major William Flynn, Bridgeport. Ninth District: Frank J. Moore, New Milford. Tenth District: Dr. James Donahue, Norwich. Eleventh District: William

E. Brown, East Berlin. Twelfth District: George E. Bearn, Greenwich. Thirteenth District: John J. Hill, Shelton.

After the list of appointments, Mr. Kennedy calls the attention of the order to several important matters which demand consideration. He urges the prompt action be taken on the question of the Catholic University of America endowment fund which the national convention held in Jamestown in 1907 voted to raise \$500,000 for, and regrets that up to this time Connecticut is the only state that has shown a disposition to disapprove the proposition. He says "the raising of this fund will in all probability be the means of saving this great university to the church in America."

The request is also issued that as many of the councils as possible be present at New Haven on October 12th to join in the parade to celebrate Columbus Day.

The councils are also urged to take prompt action on the James T. Mulien memorial Association fund.

Strikebreakers Quit
Steel Car Workers Declare They've Been Treated Worse Than Dogs.

(Special from United Press.)
Pittsburg, Aug. 27.—Declaring that they "had been treated worse than dogs, given rotten food, threatened with having their heads blown off and not paid what they had been promised," 200 men brought to the Pressed Steel Car Plant as strike-breakers walked out in a body today.

The men stated that there were about 300 strike-breakers in the plant and that they were going to quit tomorrow morning. This will again completely tie up all work in the car shops.

Some of the men who left the shops today will be taken before Special Agent Hoageland and asked concerning the alleged peonage.

MILLERS TO RAISE FUND OF MILLIONS

Plan to Fight U. S. Government in Defense of Those Prosecuted for

SELLING BLEACHED FLOUR

(Special from United Press.)
St. Louis, Aug. 27.—At a secret meeting in St. Louis, the milling interests of the country inaugurated a plan to raise a fund of several million dollars to fight the United States government in the defense of Millers prosecuted for selling bleached flour. The movement is backed by the National Federation. A list of 14 cents a barrel on flour will be charged the members of the association and paid into the fund.
